COMMENTS: Dear Examiner Canella:

Per your phone conversation with Paul Fehlner and me on 9/23/2003, enclosed is a revised set of the claims described in the draft Examiner's Amendment faxed to us on 9/17/2003. Apart from some indicated typographical corrections, our revisions are:

- Claims 13-20: Shown as "cancelled" as per our 6/9/2003 amendment;
- Claims 21 & 23: Add that cells/equivalents are "autologous" and amend to broader dose range in second composition (see p. 21 for support);
- Claim 43: Re-instate, change dependency to claim 21;
- Claims 21 & 46: Delete the limitation in step (b) of "4-7 days ... treatment";
- Claims 46-50: Re-instate with claim 46 being similar to claim 23 apart from not reciting "autologous", and with claim 50 amended accordingly;
